

**Barcelona Science Park** is seeking:

# Graduate in Physics/Chemistry with Programming Knowledge

The PCB offers a 4 months contract in order to develop a project with a Biotech company (Eyytoo Bioscience S.L.) and a research unit (Co.S.Mo. LAB).

The profile of the ideal candidate is the following:

- Graduate in Physics/Chemistry.
- Programming Skills (C/Fortran...).
- Mathematical Software Packages Knowledge (Mathematica/Maple/Matlab...).
- English.
- Knowledge in Simulation of Partial Differential Equations and Stochastic Processes.

**Tasks:** Assisted by senior researchers, the candidate will develop a computer simulation of the patented Eyytoo technology for testing its effectiveness.

Interested candidates must submit their CV to:  
**[javier.buceta@pcb.ub.es](mailto:javier.buceta@pcb.ub.es)** - subject: [EYYTOO/COSMO].

Selected candidates will be contacted for an interview.
